Slovenská inšpekcia životného prostredia,
Ing. Peter Šimurka – main inspector of IPCC
Ústredie
Jeséniova 17 E
831 01 Bratislava

Friday 07/07/2017

Dear Mr. Šimurka:

Let me introduce myself, my name is Romano Ruggeri, I am employed in the Sardinian Regional Environmental Protection Agency (Italy), and I am currently the Project Leader of the IMPEL "Landfill Project", whose aim is to strengthen the knowledge on inspectors in landfills and treatment plant before landfilling inspection activity.

This project is running since 2011 and welcomed a representative of DG Environment of the EU Commission last year.

I would like to thank you for hosting the project group in your beautiful Country; there were 13 inspectors coming from different Member States and the discussion, as well as the site visit in the Zohor waste plant, was definitely fruitful.

The meeting was highly professionally organized by your staff, therefore let me send a special thank to Cyril Burda, Monika Medovičová and Monika Kromerová, who gave a strong support both in the technical discussion as well as in the logistic coordination. We wish that the recent involvement of Slovak Republic and of the mentioned inspectors will continue in the follow up of the project next year.

I wish you all the best in all your activities.
Yours sincerely,

Romano Ruggeri
